

• **OCR Coronavirus update**

- We'll give students grades this summer which fairly reflect the work they have put in.
- Grades will reflect performance as fairly as possible and 'be indistinguishable' from grades given to students in other years.

GCSEs, AS and A Levels

- With the other exam boards and Ofqual, and together with teachers' representatives, we're going to agree a consistent approach to how grades are calculated.
- We'll ask teachers to tell us the grades students would have got if they had sat exams.
- They can take into account evidence such as mock exams and non-exam assessment.
- We'll then use data, such as prior attainment, to decide on a final calculated grade.

Vocational qualifications, including Cambridge Nationals and Cambridge Technicals

- We'll be working with other boards and with Ofqual, to agree an approach to ensure no students are disadvantaged.
- We'll use the best available evidence, which could include assessments that students have completed, to confirm final calculated grades.

Your results

- We'll aim to give students calculated grades by the end of July.
- Students should be assured that these grades are indistinguishable from those given in other years.
- Universities have been encouraged 'to be flexible and do all they can to support students and ensure they can progress to higher education'.

Further steps

- There will be opportunities to sit exams early in the autumn term, or in summer 2021, if students are not happy that their grade reflects their performance.

- If students don't feel the right process has been followed, there's also an option to appeal.
