Date of next review	31 October 2027

Key staff involved in the emergency evacuation policy/procedure

Role	**Name(s)**
Head of centre	**Tracy Basger**
Exams officer	**Joanna Hipkiss**
SLT member(s)	**Tim Chappelle, Jack Pitt, Paula Watson**
SENCo	**Jocelyn Buckley-Dibben**

This policy is reviewed and updated annually to ensure that emergency evacuation from examination rooms at The King David High School is managed in accordance with current requirements and regulations and reflects centre practice.

References in this policy to **ICE** refer to the **JCQ document Instructions for conducting examinations**.

Introduction

An emergency evacuation is required where it is unsafe for candidates to remain in the examination room. This might include a fire, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the examination room, serious illness of a candidate or invigilator or similarly serious incidents.

- As each incident may be different, advice will be sought (if applicable) from the relevant awarding body as soon as it is safe to do so (ICE 25.6)
- Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice (ICE 25.6)

Purpose of the policy

The purpose of this policy is to confirm the arrangements at The King David High School for dealing with an emergency evacuation of an examination room by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

This policy ensures compliance with JCQ regulations (ICE 25) which state that centres must have a written policy for dealing with emergency evacuation of the examination room which will be subject to inspection by the JCQ Centre Inspection Service.

Emergency evacuation procedure

Actions taken in the event of an emergency evacuation of the examination room
At The King David High School, the following actions (in accordance with ICE 25) are taken if an examination room has to be evacuated:

- Candidates are instructed to stop writing
- The attendance register is collected (to ensure all candidates are present)
- The examination room is evacuated in line with the instructions given by the appropriate authority
- Candidates are advised to leave all question papers and scripts in the examination room. Candidates are advised to close their answer booklet(s)
- Candidates are instructed to leave the room in silenc
- Candidates are supervised as closely as possible while they are out of the examination room so that there is no discussion about the examination
- The time of the interruption is noted and how long it lasted
- Candidates are allowed the remainder of the working time set for the examination once it resumes
- If there are only a few candidates, the possibility is considered of taking the candidates (with question papers and scripts collected by the invigilator) to another place to finish the examination
- A full report is made of the incident and of the actions taken (and retained on file if required by an awarding body)

For on-screen examinations:

- candidates must be closely supervised if an emergency evacuation of the assessment room occurs
- invigilators should refer to any software specific instructions to safeguard the security of the assessment
- content and candidates' responses (For example, pausing the assessment for all candidates and locking the evacuated assessment room without closing down the software)
- invigilators should understand the procedures for re-starting an assessment after an unplanned break (i.e. an emergency or a technical failure), controlling the re-starting of the assessment, re-setting the
- timing (where necessary) and ensuring, where this is technically feasible and permitted by the assessment regulations, candidates can reaccess their previous responses

Additional actions taken:

- Students stay in row order and taken out of the Sports Hall from front and back entrance.
- They are to remain silent and placed outside the Drama Block away from the rest of the school until it is safe to return

EMERGENCY PROCEDURES – SECURITY THREAT

- Campus intrusion siren – invacuation procedure
- These protocols should be followed in a variety of circumstances. They are designed to ensure the safety of everyone who is present in King David High School at the time that it is necessary to sound an alert.
- Staff must maintain calm. Students must respond to any instruction in a calm disciplined manner. This is essential and is a vital aspect of every safety procedure.
- Check if any pupils are on corridors, bring into sports hall. If Sports Hall is full (Exam time), move pupils to the right hand side of sports hall and keep low and silent.
- Switch off lights
- Move all pupils out of sight from the door.

BUILDING EVACUATION MEETING LOCATION

- In the event of having to evacuate the building (suspicious package etc.), the entire school will leave the building and assemble on the grassed area in between the drama block and the music block.
- The students will be instructed to lie down on the grass so as to minimise any potential blast damage.
- A full report needs to be submitted by the exams office to the awarding body (s) so as much information as possible should be obtained at the time of the evacuation/incident.

Additional actions taken:

- In the event of a fire alarm, invigilators are trained to follow the emergency evacuation procedure issued to them for every exam room.
- When/if allowed to return to the examination room, invigilators allow candidates time to settle down, reminding them they are still under formal examination conditions and that they must not open their answer booklets until instructed to do so
- Invigilators announce clearly to candidates when they may begin and how much time they have (the examination will formally restart at this point)
- Invigilators record the time the examination(s) restarted and amend the displayed finishing time(s) for all candidates to see
- Invigilators are trained to record as much detail on the exam room incident log when able to do so (ensuring candidates are continually supervised and giving complete attention to this duty at all times) and to ensure the exams officer is fully briefed at the end of the examination(s) to enable a full report to be submitted to the awarding body/bodies
- Where not allowed to return to the examination room, or the decision is made by the appropriate authority that the examination(s) cannot be resumed, the centre's examination contingency plan will be invoked and invigilators/candidates briefed accordingly at the time

Roles and responsibilities

The role of the head of centre

- Ensure that the emergency evacuation policy for examinations is fit for purpose and complies with relevant health and safety regulation
- Ensure that any instructions from relevant local or national agencies are referenced and followed where applicable (ICE 25.1)
- Ensure any breach of question paper security or malpractice is reported to the awarding body immediately
- (ICE 25.5)

The role of the senior leader

- Where responsible for the centre-wide emergency evacuation procedure, ensure that all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an examination room is required

The role of the special educational needs coordinator (SENCo) or equivalent role

- Ensure that appropriate arrangements are in place for the emergency evacuation of a disabled candidate from an examination room where different procedures or assistance may need to be provided for the candidate
- Ensure that the candidate is informed prior to taking their examinations of what will happen in the event of an emergency evacuation

The role of the exams office

- Ensure that invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded
- Ensure that candidates are briefed prior to examinations taking place, on what will happen in the event of an emergency in the examination room
- Provide invigilators with a copy of the emergency evacuation procedure in every exam room
- Provide a standard invigilator announcement for each exam room which includes appropriate instructions for candidates about emergency procedures and what will happen if the fire alarm sounds
- Provide an exam room incident log in every examination room
- Liaise with relevant staff prior to each examination session where different procedures or assistance may need to be provided for a disabled candidate
- Brief invigilators prior to each examination session where different procedures or assistance may need to be provided for a disabled candidate
- Ensure that appropriate follow-up is undertaken after an emergency evacuation, reporting the incident to the awarding body and the actions taken
- Ensure a full report of the incident is produced and retained on file if required by an awarding body (ICE 25.4)
- Ensure an online application for special consideration is submitted to the relevant awarding body where candidates have been disadvantaged (ICE 25.7)

The role of invigilators

- By attending training and/or update sessions, ensure they understand what to do in the event of an emergency in the examination room
- Follow the actions required in the emergency evacuation procedure issued to them for every examination room
- Confirm with the exams officer, where different procedures or assistance may need to be provided for a disabled candidate they are invigilating
- Record details on the exam room incident log to support follow-up reporting to the awarding body by the exams officer (see below)

The role of other centre staff

- Support the senior leader, SENCo, exams officer and invigilators in ensuring the safe emergency evacuation of exam rooms.

Recording details

As soon as practically possible and safe to do so, the following details will be recorded (see **Roles and Responsibilities** for the members of staff who will record these details):

- The actual time of the start of the interruption
- The actions taken
- The actual time the exam(s) resumed
- The actual finishing time(s) of the resumed exam(s)

Further details which may also be recorded include:

- A report on candidate behaviour throughout the interruption/evacuation
- A judgement on the impact on candidates after the interruption/evacuation

Changes effective from 1 September 2026
(Updated) Under Emergency evacuation procedure reference to on-screen assessments changed to on-screen examinations and wording amended to reflect ICE (section 32, Emergencies).
